

## Collaboration, Events & Activities

Launched in Dec. 2019, TechCA is California's first Sacramento-based industry trade association for government information technology.

TechCA provides:

- Networking & Community
- Information & Resources
- Government Relations and Participation
- Industry Influence
- Market research and insights to stay competitive

Why TechCA?

- We're on a mission to make better government partners for all Californians
- We're a nonprofit and serve our mission and members
- We support small business, scale dues based on size
